Nazdar Gulli's family discovers she's not just studying law—she's also seeing Julio. Soon after, she lands in the hospital, a victim of honour-based violence.

Investigator Charlie Robertsen urges her to press charges against her family, but fearing the consequences, she refuses. When the case is shelved, Charlie remains convinced she's in danger of being sent away and disappearing. Can he save her in time?

Meanwhile, a young man calling himself Azad hides in Sweden with a Kurdish mother and daughter. When they are brutally murdered by a gang, he is determined to avenge them—no matter the cost.

This critically acclaimed book is a realistic and captivating thriller with deep insight into a highly topical social issue.

One of the best and most relevant Norwegian crime novels I've read in a long time. [...] Engaging and gripping story – written in ice cold and controlled language. Bjøranger is a brilliant author who knows the art of building an intrigue.

VG

Frightening, nail-bitingly intense and topical.

Randaberg 24

A frightening and extremely exciting thriller.

Nettavisen

Terje Bjøranger has delivered a very good thriller. It's the most political crime novel of the year. That makes it brave. And important.
